

About: Cooked Cuts by Dawn Farms

Developed by Dawn Farms, the preferred supplier to Europe's leading food-service brands, this range not only delivers quality products and value but also innovative ingredients and menu inspiration. To us innovation is a key ingredient in our offer. By continually evolving and adapting quickly to fast moving trends, we have become part of many food success stories over the past thirty five years. We have taken our great ingredients and packaged them into the Cooked Cuts Brand; a ready to order range developed specifically for the independent food service market. All products are free from MSG, artificial colours, hydrogenated fats and are produced in a nut free facility.
