

### About: Mora Foods

Mora Foods specialises in authentic gourmet Argentinean style foods; they are focused mainly on producing Argentinean and Spanish gourmet food solutions for the Irish, European and other international markets.

The company combines the best of Irish beef, lamb and chicken, with fresh vegetables and authentic spices to produce award-winning, tasty, healthy and consistently high quality foods. When it comes to food, their approach is simple and straightforward: only use good fresh ingredients and cook everything from raw – these facts make a big difference, as they can decide on how their foods will be cooked: the chicken is juicy, the beef & lamb are tender, and vegetables are just right. In simple terms, you will find that their range is full of flavour, is authentic and of great quality.

Mora Foods is an ambitious company with an ambitious project - nothing short of the best is accepted. Their aim is simple: to be Europe's number one supplier of premium empanadas.

**Products:**

**Empanadas finger food range (28–32g each):** This range is ideal for the high-end private & corporate catering and hotel sectors, as well as for concept menus, tapas or sides.

**Empanadas starter range (70g each):** Along with the traditional flavours we have added a Spanish style range & a Mexican style range (vegetable, beef & chicken) that are very strong with all places serving tapas ranges & Mexican style restaurants.

**Empanadas regular range (100g each):** The most popular size of an empanada. Extremely versatile, it is served as a main, as a grab-and-go option, or as a starter. Also very popular gastro pub food. The #1 starter of any Grill/ BBQ restaurant in Latin America.

**Empanadas x-tra large range (170g each):** Mainly served as a grab-and-go option for hot and cold counters both in shops and food courts. Great concept for big festivals and widely used as a stadium solution, as it can be ready to cater high volume moments of demand such as half time or during breaks in music festivals. Comes with the protein name stamped on the crimping.
