

About: Coolhull Farm

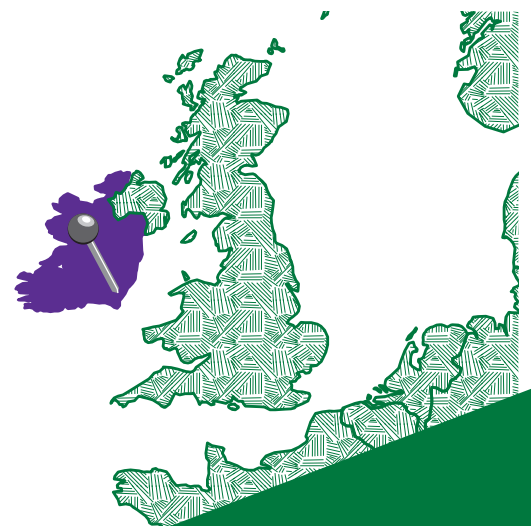

Coolhull Farm's heritage is in dairy farming. Coolhull Farm Ice Cream & Dessert Company was established by Tomás Murphy in 1990. His vision was to add value to the creamy fresh milk from his Friesian herd and to make it available to all in the form of joy-delivering dairy desserts and ice cream. For generations, the Murphy family have farmed the land in Coolhull, Co. Wexford in the south east of Ireland with our cows providing all the nutrient-rich grass-fed milk for our ice creams, cheesecakes and dairy desserts.

Coolhull Farm today is managed by Barry Murphy, Tomas' son and is proud of its Wexford-based dairy and bakery facility which producing a comprehensive range of fresh frozen desserts.

Innovation is one of the most important aspects of our work at Coolhull Farm. Our R&D team is devoted to creating exciting new products and flavour profiles.

Our mission is to consistently provide high quality, pre-portioned, waste eliminating, thaw-and-serve products. Simply put, our goal is to take labour and waste out of your environment while achieving excellent customer satisfaction levels for your clientele.
